XPDA-SP PowerSeller™

The Secure All-in-One Handheld Payment Device Designed for the Passenger Travel Industry

Advanced Mobile Payment Solution Delivers Significant New Benefits to Carriers

The PowerSeller™ is ergonomically designed exclusively for onboard retail environments. The device is lightweight and ruggedized with an integrated printer, MSR, Barcode Scanner, and IC Card Reader. The unit is capable of handling any type of transaction from cash and credit cards to loyalty program redemption at point of sale. With new contactless payment technology support. GuestLogix has made it easier than ever to securely transact sales in-flight.

With the GuestLogix POS and Back-Office software, carriers can easily introduce new products, services, promotions and optimize onboard sales based on individual trip demographics and needs. The wireless device maintains a 12-hour battery life to support virtually any flight on a single charge.

Integrated with GuestLogix POS Software

- Touch screen interface for quick and easy use
- Manage all payment types and multiple currencies
- Manage and track onboard inventories
- Provide proof of payment and printed receipts
- Record sales by seat and attendant
- Manage pricing and promotional activities onboard
- Connect with back-office information flows
- Support batch and real-time transaction processes
- Manage crew scheduling and operations.

Includes the industry-leading,
PABP validated, GuestLogix POS Software
